

Questionnaire to Stimulate Discussion on Vision, Expectations and Concepts

1. What architectural "theme" would you like to see portrayed in the design of the Community Recreation and Aquatic Center?
2. What "purpose" or "purposes" do you envision the Community Recreation and Aquatic Center fulfilling in Rim Country?
3. What amenities of the Community Recreation Center are most important to you and your family?
4. What factors do you believe would make a Community Recreation Center successful and accepted in Rim Country?
5. Do you believe the Community Recreation Center needs to have street visibility?
6. What Community activities would most benefit from the development of a Community Center?
7. How would you suggest we best integrate the Rim Country Community into the development process so that they feel a part of the Community Center from the beginning?
8. How does weather play into the design?
9. How can the design promote economic development in the community?
10. Provide additional comments, suggestions and inputs to be considered in the planning process:

11. Please rate the following potential components of a Community Recreation Center on a 1 to 10 scale of importance to you and your family – with #1 being very important to #10 being not important.
